Dearest Audrey:

Well it is the camp on the East Coast and not California after all. A call came through for a Statistical Clerk and I'm leaving tomorrow.

That means I don't see my Audrey Thanksgiving, but we shall see what can be done about Christmas. Maybe we could get together then somehow - but it is a long ways back there.

As soon as I get organized back there I'll find out how long I'll be there and see if there is any possibility of moving you back there. How would you like that?

I'll probably write a check for \$10 before I leave here tomorrow. I want to keep the expense check as

it will be easier to Cash ^{back this} [^]
than a personal one.

Hon, I certainly enjoyed being
with you even for a few
hours, and you were just
perfect. Maybe it is a good
thing to be away for a
little while as we really
learn to appreciate each
other and find out how
much we really mean to
one another. If a fellow
knows that he can take
a lot of hard knocks.

Didn't get much sleep on
the way up. Got in at 3:15
and had to walk a mile
in to the barracks. Was it
Cold!

Going to wash clothes tonight
and pack my stuff. Will
write you en route.

Always loving you, Hon,
Harold.
