7:00 P. M.
Wednesday Eve.

Dear Audrey:

No letter for the past three or four days. I thought sure I'd get one tonight. Who am I going to get after - you or the Post Office?

I've thought of another matter for you to take care of before you leave. Go up to my life insurance company (Atlas) in the Terminal Sales Bldg and find out how much I owe them (\$6-\$75) and pay them. Better yet, call them up and have them mail a statement and then mail them a check.

I've done some inquiring among the fellows on housing at Petersburg and it isn't too favorable. Apartments are nil and rooms cost plenty - for nothing. Won't be able to do too much this weekend in the way of house hunting as I go on guard at 4:00 o'clock - which means I've got to be back in camp by 2:00 in order to get ready. We are on guard from 5 P. M. Sunday until 5 A. M. Monday. We only walk guard for four hours then we are off 8 - unless we

we are called out. Even at that you don't get too much sleep or rest. If you know the answer to the question the officer of the guard asks and your uniform is neat, you get to be the Colonel's orderly the next day and the day after that you get a 74-hour pass. Something worth trying for!

Big argument at the next bed on who has to file Income Tax returns. Be sure to find out about both the state and Federal before you leave and get them fixed up if you can.

School is fine so far. Missed most of it yesterday morning so I didn't do too hot in today's quiz (75) but got a 100 on Monday. We have two hours of lecture and two hours typing on ~~Mon~~ Tue, Wed, Thur, Fri, and Sat and go all afternoon Mon, Wed, and Friday and have basic (drill etc) Tue, Thurs. and Sat. We study all kinds of forms used in Army administration and how and when they should be used. We are really getting the inside on how it's done. We have two Sergeants and a Lieut. for lectures and they are all good. The class is quite large but several of them will leave this week. You can start and finish school any week as a certain group of subjects will be started on Monday and ended on Saturday.

Took a speed test in typing today. Averaged 41 words, if I figured it correctly. I hope I did because 40 words is all you have to average to get a good rating.

I put my name in for the choir. I may get out of Sunday details and Thursday night problems - besides enjoying the singing. However, I may have to be there even when you are here, but it only lasts from 9:15 to about 10:30 - and you can come to. In fact, I'd like to have you sing a solo some Sunday - I'm sure they would let you and I'd sure enjoy it, too.

As soon as you know when you'll get here be sure to let me know because I can't do much in the way of getting a room until I know.

Every day will be a year until you get here, Hon.

Love,
Harold.

Hav'n't sent my watch because
it started running again and
seems to be O.K.
