W. R. Graham Esq
Dear Sir

I was at my farm today & saw some hogs in my wheat field - which I understand belonged to you - I know that the line fence between us is not in as good order as it should be & I want when I am through with corn planting to repair it with a substantial new fence - but I hope in the meanwhile you will kindly see that your hogs do not trespass as my wheat especially is too short to be grazed very truly

W.R. Graham, Esq

Dear Sir,

I was at my farm today and saw some hogs in my wheat field, which I understood belonged to you. I know that the line fence between us is not as good order as it should be and I want when I am through with corn planting to repair it with a substantial new fence, but I hope in the meanwhile you will kindly see that your hogs do not trespass as my wheat especially is too short to be grazed.

Very Truly,
Jas. M. Hoge
