

March 24, 1979

Dear Bonnie and Earl

Thank you for the five dollar bill ~~and~~
and the card. I lost my front tooth.

Bev and Mike and my dad are doing are right.
How is everthing up there? We are studying
about space. And did you know that Jupiter
~~was~~ had a red eye spots on it that's
were the storms are. And Pluto was cold.
This is how they are: Mucery is frist, than Mars,
than Earth, than Jupiter, than Saturen, and on and
on.

Love,
Ken

Graham
