

Letter written to WR Graham from Edgar McCray, a farmer selling corn. From the tone of the letter you can tell McCray is quite upset, which makes the ending of the letter kind of interesting.

Mr Graham

Dear Sir

Yours of the 19th rec "this eve" I was never more surprised than at your statement that "you had bought 80 lbs corn at 2.00 per lb". You are certainly very much mistaken of such is your impression. All you said to me was that you would like to have so many lbs of that corn and I told you I would save it for you. The quantity I had forgotten, the question of price was not mentioned at all, as an evidence of the fact that I would not sell the corn for that price. I had been offered two weeks before you were here \$200 for 100 lbs. This offered by Mr Hoge and I declined the offer a week before the sale.

Dear Sir

Yours of the 19th rec "this eve" I was never more surprised ^{than} at your statement that "you had bought 80 lbs corn at 2.00 per lb". You are certainly very much mistaken if such is your impression, all you said to me was that you would like to have so many lbs of that corn + I told you I would save it for you the quantity I had forgotten, the question of price was not mentioned at all, as an evidence of the fact that I would not sell the corn for that price I had been offered two weeks before you were ^{here} \$200 for 100 lbs, this offered by Mr Hoge + I declined the offer, a week before the sale I was made the same offer by.

another party & on the 1st day of the
^{sale} early in the morning before I had any
talk with you I was asked by another
gentleman if I would sell the corn
my reply was that I was not ready to
price it, these are facts that can easily
be established. & I certainly would not
have given you a price that I had
on several occasions declined

You may have heard me say that
I had sold some corn on depot farm
for 2⁰⁰ parties hauling it from the
field themselves, from the crib I would
not sell at that price or any price
at that time, for reasons easily explained
Your insinuation that I would be
dissatisfied with sale because price had
gone up. you will find is out of place
when you know me better. This is the
first time in my life that I was ever
accused of it, when I make a sale

I was made the same offer by another

When I make a sale it makes no
difference where the price goes. I was
never known to "?".

it makes no difference where the price goes I was never known to "equal"

In this case there was certainly no sale made only a promise to save you some corn the quantity I had forgotten. The short-corn at D J Mercier place I did promise to save for you & told you I had offered ~~it~~ for 1.00 as they were not very good I did not remember you had asked for the short corn at High Point ~~But~~ I had your letter asking me to save them for you ^{which} was in time as I had not sold them I have written at length about this corn not because of the small amount involved but on account of the principles in the ~~above~~ Sale of farm was confirmed by the court this week. would like to know what day you expect to arrive here Anything I can do for you let me know Will help you out any way I can

Very truly yours
Edgar McCray

In this case there was certainly no sale made only a promise to save you some corn the quantity I had forgotten. The short - corn at DJ Mercier place I did promise to save for you and told you I had offered for 1.00 as they were not very good. I did to remember you had asked for the chat corn at High Point. I had your letter asking me to save them for you which was in time as I had not sold them. I have written at length about his corn not because of the small amount involved but on account of the (??). Sale of farm was confirmed by the court this week. Would like to know what day you expect to arrive here. Anything I can do for you let me know. Will help you any way I can.
