

Wednesday a. m

Dear Nita and Katherine,

The first big news, Harry picked 4 red tomatoes on Monday evening August 4th our first. Early Girl small but delicious. He put the plants out on June 7th. The nights were so cool in June that growth was slow. Taylor told him Early Girl took 45 days so he was not very much past the time. His other 4 plants are "Fantastic" a new tomato to us but several people have said they are especially good, a later tomato. Nita he wanted me to tell you that the "Boomers" were wonderful and that

Letter written by Minnie Belle Arnold Trussell to Nita, the ex-wife of her brother Richard, and Richard's daughter Katherine. Minnie Belle and Richard were siblings of Kathleen (Granny) Arnold Graham

Wednesday am August 7 1980

Dear Nita and Katherine,

The first big news, Harry picked 4 red tomatoes on Monday evening August 4th, our first. Early Girl small but delicious. He put the plants out on June 7th. The nights were so cool in June that growth was slow. Taylor told him Early Girl took 45 days so he was not very much past the time. His other 4 plants are "Fantastic", a new tomato to us but several people have said they are especially good, a later tomato. Nita he wanted me to tell you that the "Boomers" were wonderful and that he has beautiful vines.

he has beautiful vines. The nice part was that he did not have to bother about fertilizers.

I do want to thank you and Katherine for your beautiful Birthday cards and notes. Both greatly appreciated. The heat has been terrible ever since July 16. I am so glad R. moved on that day. It was an awful hot day but the houses had not gotten so hot and we were not worn out with the the heat as we are now. Every thing worked fine that day. The moving van was unloaded by 10:30 and on their way back to Balto. 3 men with the van and they were so very kind & helpful. Sam and Josie went at 12:30 and worked until 3:30.

The nice part was that he did not have to bother about fertilizer. I do want to thank you and Katherine for your beautiful birthday cards and notes. Both greatly appreciated. The heat has been terrible ever since July 16. I am so glad R (Richard?) moved on that day. It was an awful hot day but the houses had not gotten so hot and we were not worn out with the heat as we are now. Every thing worked fine that day. The moving van was unloaded by 10:30 and on their way back to Balto 3 men with the van and they were so very kind and helpful. Sam and Josie went at 12:30 and worked until 3:30.

They are so good at that kind of work and have always been so good to us. Harry went down at 12 o'clock to take R. some lunch. He thot the van would come about 12 did not expect it so early. I did not go until Friday. The apt. is very nice I think. Even nicer than the one in Balto. Four Apts on the first floor, and the neighbors are very friendly and have offered their services to help if ever needed. H. has known one of the apt. people for years. Also a retired Army General and his wife who are quite nice. I had never been in the Apt. until the Friday I went. I supposed Billie passed on

Also a retired Army General and his wife who are quite nice. I had never been in the apt until the Friday I went.

The news I gave her on Sunday when we talked, so I'll not repeat it.

Bonnie + Earl are just back from California + Oregon a week ago Monday. Had a 3 week stay. Had not planned a trip this summer but Craig and Susan decided on a July wedding and to be married in Cali. July 25.

Have not seen Bonnie since they are back only talked by phone, so do not know the details. A garden wedding and only the 2 immediate families. Susan grew up in College Park Md. Her father Doctor Norman Laffer is a professor of something at Maryland University. 3 girls and 1 boy in the family. All went by plane for the wedding except one sister who lives in the mid west, the other sister

I suppose Billie passed on the news I gave her on Sunday when we talked, so I'll not repeat it. Bonnie and Earl are just back from California and Oregon a week ago Monday. Had a 3 week stay. married and lives in College Park. The girls took their children, the brother not married David, Lynne, Dana, Kendra and Bob went from Oregon, so guess every one had a big time. Craig is such a sweet person and has always been my favorite. When he is here if I give him a box of cookies he never fails to write me a note of thanks from Cali. He has his PHD in Psychology and has the title of Dr. now.

I had an eye exam. on Monday. No encouragement. the condition will gradually worsen. Cannot read news papers or magazines any longer even with magnifying glass.

Ruby called for a short phone visit after I began

The girls took their children, the brother not married. David, Lynne, Dana, Kindra and Bob went from Oregon, so guess everyone had a big time. Craig is such a sweet person and has always been my favorite. When he is here if I give him a box of cookies he never fails to write me a note of thanks from Cali. He has his PHD in Psychology and has the title of Dr now. I had any eye exam on Monday. No encouragement, the condition will gradually worsen. Cannot read newspapers or magazines any longer even with magnifying glass.

writing. Said she had talked to Carolyn regarding Frances Wenner illness. She was in hospital for two weeks before her passing. Did not know if she had, had a previous heart attack before this one or not. Frances was always such a friendly person.

The work in the cemetery still has not been done. I doubt if they will come to do it as long as this heat continues. \$75.00^{each} to replace the stones on the foundations. We had put new foundations under all 5 stones about 2 years ago. These storms have been severe this summer and we have been without current many times.

I have 4 lots of pickle ready ready to be bottled. It's all a very slow process with me. Ella

grew the cucumbers and brought them to me.

I think about you folks every time I use those nice big plastic containers with lids to keep my pickles in until I can get them bottled. "Nibble With Bibbles". 4 of them.

Dr. gave Harry a fair report last Thursday. Still has 3# of fluid. Dr. thinks better let things stand as they are and not push further at this time. Might stir up something else.

He walks each day about 1 mile goes at 6 o'clock in the morning. We have made one trip to Winchester. Blue C-B-S office says he feels he can drive to Fred'k but we will wait until there is cooler weather.

Emory and his wife from

Florida were here 4 days two
weeks ago. Had their movie
outfit with them. Pictures of
the family through the
years. All members of the
family at some time or other
but not a single picture of Harry.
7 children, Mr. & Mrs. T, Aunts
& Uncles grandchildren and
great over a period of 50 years.
Rather interesting

Well my pencil is gone
I have to say so long.

Our love to all
Minnie Belle
