My Dear Maggie:-

I expected to be able to report to you yesterday that I had bought a farm, but I have looked at so many farms that I have not been able to make up my mind which one to buy. I have been looking at some fine land in Diggs valley to day 1 mile from R.R. station at Hamilton. I would like to buy near Hamilton or Paeonia on account of good schools. The people here have all treated me so clever that I have formed a very high opinion of them. I have not had to pay out a cent since I commenced looking for a farm.

My Dear Maggie:

I expected to be able to report to you yesterday that I had bought a farm, but I have looked at so many farms that I have not been able to make up my mind which one to buy. I have been looking at some fine land in Diggs valley today 1 mile from RR station at Hamilton. I would like to buy near Hamilton or Paeonian on account of good schools. The people here have all treated me so (?) that I have formed a very high opinion of them. I have not had to pay out a cent since I commenced looking for a farm.

I want to put in about 2 more days looking and then I think I will buy. I have had the land fever so bad since I have been out here that I have not slept any hardly. I am still using Mr. Gray's horse & buggy, and making that headquarters, but I am staying all night to night at the Mercer farm below Hamilton. I guess the children think Papa is staying a long time, and I want to see all of you so bad that I don't think I can stay here over 2 or 3 days longer. I expect to buy in a day or two. They don't hoe any corn here they make it all with plows like they do in the west. How is Mr. Cole getting along? I send you a check for \$15.00 for fear you may need some money. You can send it to town by some one & get it cashed.

The weather has been fine since I came here - not a drop of rain. We can make a good deal more money here than we can in Tazewell. I have about decided where we will buy, but want to look at 3 or 4 places yet, before I make a final decision. I went to Middleburg Monday & looked at 2 farms. You must kiss Sammie and Osa for Papa and tell Mary and Annie & Charles & Ollie that they must get ready to take a good long ride on the train about some time in Feb.

I sincerely hope you have all been well, as I could stand to be away so much better if I knew you were all well. Kiss all the babies again for Papa.

Affectionately  
Your Husband
