

# Wittenberg University

SPRINGFIELD, OHIO 45501

OFFICES OF ADMINISTRATION

May 6, 1976

Dear Wittenberg Parents:

During the budgeting process this year we have made an extensive study of Wittenberg's financial position as we project program and salary needs for next year. It is good to note that we have been able to involve more faculty and students in the decision making process than in any prior year. This cooperative effort will help us use our resources more efficiently and to assure the quality of program that has been characteristic of Wittenberg.

The Board of Trustees has announced the following as the total expenses for the academic year 1976-77.

	<u>TERM</u>	<u>YEAR</u>
Tuition	\$1,024.00	\$3,072.00
Room	237.00	711.00
Board	250.00	750.00
Student Gov't Association	15.00	45.00
Health Center	14.00	42.00
Student Union	<u>7.00</u>	<u>21.00</u>
Total	\$1,547.00	\$4,641.00

There has been a continuing concern on the part of Wittenberg to keep the increase of expenses as low as possible; in light of present spiraling inflation, the increase for next year is minimal. Many institutions comparable to Wittenberg are making more substantial increases. Financial aid recipients can be assured that these new cost figures have been considered in determining financial aid.

You will receive two mailings soon offering monthly pre-payment for budgeting educational costs. We hope that one of these options may be of service to you.

We are looking forward to assisting you in any way. Best wishes from the campus.

Very truly yours,

Tom McSkimming  
Director of Business Affairs
